*For nothing was hidden in Lemuria!* More a communion of inner Divine Masculine/Feminine in pulsations and infusions of crystalline starlight. The ‘*Alchemy of Sex*’ was a major creative force to ignite the **Stars** to iridescently shimmer and shine in full Directorship of Personal Power, Sovereignty and Consecration.

“*Peace is Mine Now*” was sung and chanted, filling the geomancy of space in ever spiralling waves of **Higher Octave Notes**, spinning in the central vortex of the brain lifting the Vibrational Field higher, until everyone was immersed in a resonant harmonic Vortex of Bliss.

All Beings embodied the gift of clairvoyance, clairaudience, claircognancy and clairsentience. Telepathic exchange normal through **Psionic** communication as 12 Strand Avatar DNA is fully activate!

Tele-porting, fun, playful and mischievous and a way to experience many differing time-lines and dimensions encased in a fully spinning, electromagnetic Star Tetrahedron

resonating at a personal frequency.

## The Jungle

The jungle was rich, alive, abundant

and tasty with delicious fruits and nectars to feast upon. Tree resins, flora and balms provided magical potions to instantly soothe and heal. Animals roamed free as

In ancient Lemuria *free of time and space* stood a majestic **Rose Temple** adorned with ‘Mother’ jewels of shimmering pearl, **sapphire**, **emerald**, **diamond** and **ruby**.

Cascading iridescent minerals of **bronze** and **gold** adorned in alchemy created consecrate circles or Spheres of Light maintaining a sacred balance of divine feminine/divine masculine. People *worshipped* Here under Guardianship of High Priests and Priestesses, upholding Covenants of Creator, in full manifestation of Human Form.

As people breathed their ‘Sacred Heart Fire’ into the sphered space the pungent aroma heightened senses in liquid light infusions of love, joy and harmony. Beings kissed, hugged, embraced and embodied principles of peace, purity and paradise as natural birth right. *Sacred Sex* was performed in full unity consciousness, not necessarily as a physical act but an Omniwave of love vibrating in etheric light bodies swimming in a liquid light sea of ecstasy.

Connectors & Messengers of these magical, mystical lands. Together, a 'psionic connection' was made through spinning thought fields requesting permission to ride on their backs, travelling at super-fast speeds! Skilful, lithe, bright, bubbly and in full commandership, never needing to fall as what would this achieve?

You knew your strength, love and empowerment, as did the animal who provided comfort, safety and companionship.

The verdant plants and flora were as tall and strong as buildings with full telepathic consciousness. In 'Great Rains' they doubled as slippery water slides which you merrily slid down, perfectly naked and free... They moved up and down, spinning left and right like great, thrilling amusement park rides where you hung off their tentacles wrapping themselves around you so you could safely free glide..

At night, you climbed into a warm, mushy *Mother Plant* with a soft furry lid, caressing you into blissful dreams and swaying in the wind to gently rock you to sleep.

This was true notion of 'Eternal Garden of Eden.' Paradise lost.... But found within soulful

sojourns of the night where you poignantly fly of freedom into rich, exotic lands..

Dreams *were* interactive, multi-sensory experiences filled in magnificent adventures of flying.... Fairies, butterflies, magical castles, unicorns, angels, dragon friends, wizards in trees and a whole Host of innocent, evocative essences to delight receptors and invoke harmonious joy between inter-dimensional Worlds...

Through Dream-Scape you manifested into reality your heart delights, simply by the Power of loving Intention! An exquisite expression of sublime master-ship- creating alchemy in full Power & Dominion of Creator Incarnate

### Magical Rainbow Crystal Waterfall

As Rite of Passage, you ventured high up in the majestic Mountains to the "Magical Rainbow Crystal Waterfall" to experience purification of water and activation of pure plasma Rainbow Light washing through to Central Core to recharge solar senses bathed by the magnificent yellow daffodil sun.

Technically, individual 'chakras' were not necessary, rather one column of 'Rainbow Octave Light Filaments' which hadn't become harnessed or corrupted, or inverted spinning backwards; But a scalar wave-form

of pure love!

Here you spoke to Cosmic Mother Arc and Cosmic life-force! You received

dispensations, prophetic messages and Purity of PEACE beyond measure by opening your [Source Shield](#) **Pillar of Light** to the 100% Organic Liquid Living-Light of Truth, communion and purity...

You bathed in exquisite crystalline frequencies incomparable to anything that exists today. Each crystal caressed, soothed, and slid down your back like liquid lava and honey delights. The Waterfall cleansed sexual organs and activated receptors in *tantric* orgasmic waves of bliss.

You became in perfect harmony with both inner masculine and feminine. Sublime, delicious, nutritious, healthy. **Passionate!**

If your vibration became lower in any way shape or form through streams of *negative interference* wanting a taste of your paradise, immediately you ventured (or teleported) to the “Rainbow Crystal Waterfall” to restore and optimally align you. (See [Healing Krystal Waters](#))

The ‘Rainbow Waterfall,’ is a **Fountain of Eternal Youth & Beauty** for one did not age in Lemuria! Timeless, seamless, formless, vigorous, lithe, masterful in athletic activities and strong feats of endurance to travel large distances at Will.

You returned to the Temple, cleansed, restored, rejuvenated, ageless. And lay on beds of Roses with intoxicating aromas of apricots, jasmine, honey, fuchsia and

stunning exotic flowers that no longer exist today.

You were tended to by blissful, kind faces whose eyes sparkled like diamonds, skin luminous and transparent revealing crystal diamonds in multifaceted shapes, like a kaleidoscope of colours activating the imagination, sweetly lulling you to sleep with new adventures of morning Dawn.

There were no wars, no violence, no misogyny, no

competition, no insecurities or Divide & Conquer, power struggles. All these lower frequencies came later from traumatic invasions by ‘Atmospheric Intruders’ who created a rip-hole through the infrastructure of these sacred lands spreading terrifying fear, violence and a panic beyond measure into the hearts and minds of our peaceful, sacred people. (*Breathe*)

A mind-split occurred causing the Lemurians to sadly abuse their powers as ‘Master Psychics’ who inadvertently began inverting their ‘talents’ in *psychic attack, deceit, cunning, manipulation, divisiveness and fearful behaviour* which was *Programmed* into their Hologram by the Imposters who stole Blueprint Maps to this Land and DNA infrastructure. (*Breathe*)

The “Magical Rainbow Crystal Waterfall”, is re-born through necessity to **Set the Record Straight** and *heal* the etheric blueprint of the Body Template, *Wiping Clear* all Trauma & War Codes planted within *this time line*.

Reclaiming all that was lost and *corrupted* from this cataclysm. Restoring original, organic blueprint of peace, love, balance, purity, sister-brother<sup>ship</sup>, Mission, wisdom, sovereignty, compassion, confidence, Truth, Spiritual Justice & Freedom...

## The Sisterhood of the Rose

*The Sisterhood of the Rose*, would meet beneath the [Krystal Healing Waters](#) (as this special place became to be known) and signed Covenants to uphold ‘Sacred Lore’ and administer “love, peace & compassion” to Earth and all *Her* inhabitants in order to heal this deep wound.

This sonic Vibration is encoded within the finery Krystal Temple of Heart! Deep in the upper-back Chamber is an interdimensional doorway that leads directly to LeMURia which is activated by a Field of Pure Potentiality and Power (or a [Neutron Window](#)) which leads you directly to the interdimensional Doorway of the “Magical Rainbow Waterfall.”

It has been revealed to *me* by Mother Arc, a *major* keyholder of *The Rose* that there is no possibility of ‘negative agenda’ interference!

This sanctity is preserved in multiple etheric holographic layers of profound Crystalline pure protection. Thus, stretching into multiple dimensions that no one can enter unless in sovereignty of pure heart grace.

This swirling Higher Octave Resonance *Vortex* is Guarded and Protected by grand Sacred Dragons such as one [Kwan Yin](#) rides upon who I believe is still one of the few remaining Living Light, Ascended Masters operating in Truth, Sovereignty and Order.

**If you are reading this, it is highly probable that you too signed these covenants of: ”The Sisterhood of the Rose?”**

Therefore, this ‘Vibratory Article’ is designed as a [TransMission](#) to activate remembrance codes within you, if you choose to receive?

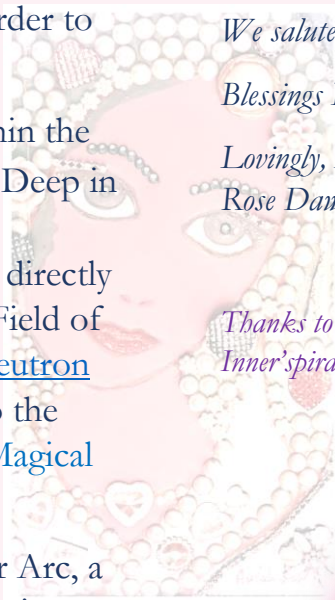

Simply by being in heart breath and closing your eyes for several moments.... You may Remember the *Essence Balm of Truth* which can assist you in your Higher Callings, Now?

*We salute you within the Krystal Vortex of your Heart*

*Blessings Be, Eternally Free....*

*Lovingly, AurorA’h (Sealed in Aurora Clear Light of Rose Dawn)*

*Thanks to a special ‘Sister of the Rose’ Janice Larys for Inner’spiration for Writing this Flame!*
